Re: Surface Water Permit No. S3-30091

Dear Mr. Hanlin:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

According to your request, you will require one additional year to install a water use meter, several small items and put the water to use. This delay has been caused by your inability to relocate to this area, which is due to the poor economy. All other construction under your project has reportedly been completed. It appears you have made goals in completing your project and putting water to use. Your request is for a reasonable and short period of time. We will grant you an additional year to complete your project.

The new deadline to submit your *Proof of Appropriation* is **July 1, 2011**.

Department of Ecology personnel, upon presentation of proper credentials, shall have access at reasonable times, to the project location, and to inspect at reasonable times, records of water use, wells, diversions, measuring devices and associated distribution systems for compliance with water law.

You have a right to appeal this decision. To appeal this you must:

- File your appeal with the Pollution Control Hearings Board within 30 days of the "date of receipt" of this document. Filing means actual receipt by the Board during regular office hours.
- Serve your appeal on the Department of Ecology within 30 days of the "date of receipt" of this document. Service may be accomplished by any of the procedures identified in WAC 371-08-305(10). "Date of receipt" is defined at RCW 43.21B.001(2).

Be sure to do the following:

- Include a copy of the document that you are appealing.
- Serve and file your appeal in paper form; electronic copies are not accepted.
